Dear Parent/Guardian

SWIMSAFER PROGRAMME FOR P3 STUDENTS

In 2008, the National Water Safety Council (NWSC) determined that an integrated programme combining the merits of the Learn-To-Swim- Programme (LTSP) and National Survival Swimming Award (NASSA) into a single national framework was a better approach in teaching pupils to swim safely. This new programme called the SwimSafer Programme ensures that students learn basic swimming, survival and lifesaving skills concurrently.

The SwimSafer programme combines the NASSA and LTSP into a progressive six-stage programme. At the end of each stage, each child will receive a stage completion certificate indicating his/her individual skill achievements. With the introduction of key changes in syllabus and assessment, pupils will also be able to check their understanding of what they have learnt by taking the online knowledge test. In addition, they will be able to view their e-certificates online or print them for safekeeping.

We are glad to inform you that our school will be conducting the SwimSafer Programme for our P3 pupils. This is a compulsory programme that will take place during curriculum time.

For this year, the cost of the programme including transportation will be covered by school funds.

Details of the swimming lessons are as follows:

Thank you.
