

Notification No.: 72/P6/2022

28 June 2022

Dear Parents/Guardians

**2022 P6 Enrichment Programme
Outdoor Learning Experience at Sungei Buloh Wetland Reserve**

The school has planned the abovementioned learning journey to Sungei Buloh Wetland Reserve as part of our lesson tie-in with the theme: Interactions within our Environment. The objective is to provide our students with the opportunity to extend their learning beyond the classrooms. They will be able to relate concepts learnt in school to real life examples in the natural world using their five sensory perceptions.

The details are as follows:

Date: **Tuesday, 5 July 2022**

Time: **2.15pm – 5.45pm**

As this is an enrichment programme, your child/ward is strongly encouraged to attend. Your child will have lunch in school before departure. We shall be back in school by 5.45pm for dismissal. Do make the necessary transport arrangement for your child. We would appreciate it if you could give your consent via Parents Gateway by Friday, 1 July 2022. Thank you.

Warm regards

Mrs Sharon Yang
Head of Department, Science (covering)
